[Message from the Board of Directors](#)

Greetings APICS Shoreline Chapter Members,

As we move into Fall, it's a reminder that another year is rapidly slipping away. What were your main accomplishments this past year? Did you set goals and achieve many of those goals? If you are like most individuals you probably didn't accomplish as much as you had planned to accomplish this year. The coming New Year will present many opportunities to set and accomplish personal goals. Start planning today! Following are a few goals to consider for this next year.

APICS Certification. Please review last month's "Message from the Board of Directors". This message covered very well why you should seek APICS Certification. If you've been contemplating this certification, NOW is the time for action. The next set of APICS CPIM Classes are planned to begin early next year for the Shoreline Chapter. These classes have proven to be most beneficial for those working toward their APICS CPIM Certification. The APICS Shoreline Chapter has experienced facilitators to support and guide you through this process. If you are contemplating APICS CSCP Certification we can help get you connected with other training venues.

APICS Certification Maintenance. Please remember to keep your APICS membership current annually. This is one of the easiest ways to collect maintenance points that are required for submission every 5 years. There are numerous ways to gain the points required to maintain your APICS Certifications. Please visit www.apics.org for further guidance and details.

Attend APICS Shoreline Chapter Events. Our Shoreline Chapter schedules numerous PDMs and Plant Tours each program year. These events provide opportunities to connect with other Supply Chain Professionals as well as provide points toward your APICS Certification(s). Our most recent event was the Fall Road Clean Up near Cleveland, WI along Hwy LS. A special "THANK YOU!" to those whom participated in this event.

Volunteer. We all lead very busy lives, but this chapter would not survive without our dedicated volunteers. If you have yet to volunteer, I would like to encourage you to give this serious consideration. We are always looking for Board Members and fresh perspectives. For those who are volunteering and who have volunteered; "THANK YOU!" Our chapter does extremely well within the APICS community and it would not be possible without our volunteers and participating members.

Final Thoughts. I'd like to recognize and welcome Paula Rudolph as the newest member of the APICS Shoreline Chapter. Complete any remaining goals set for this year and start setting goals for next year. Consider volunteering with the APICS Shoreline Chapter!

Respectfully yours,
Stephen J. Rasmussen, CPIM

Jake Zulewski has been with International Paper for seventeen years in various roles across the Midwest. He graduated with a paper engineering degree from Western Michigan University. He started his career with International Paper in 2000 as a Process Improvement Manager Assistant, focused on quality improvement and waste reduction. He then moved into a sales position handling a four-state region for their Automotive Segment. In 2009, he was promoted to Sales Manager and moved his family to Chicago. After five years in the Chicago Market, he was promoted to Complex Sales Manager and moved to Appleton, Wisconsin.

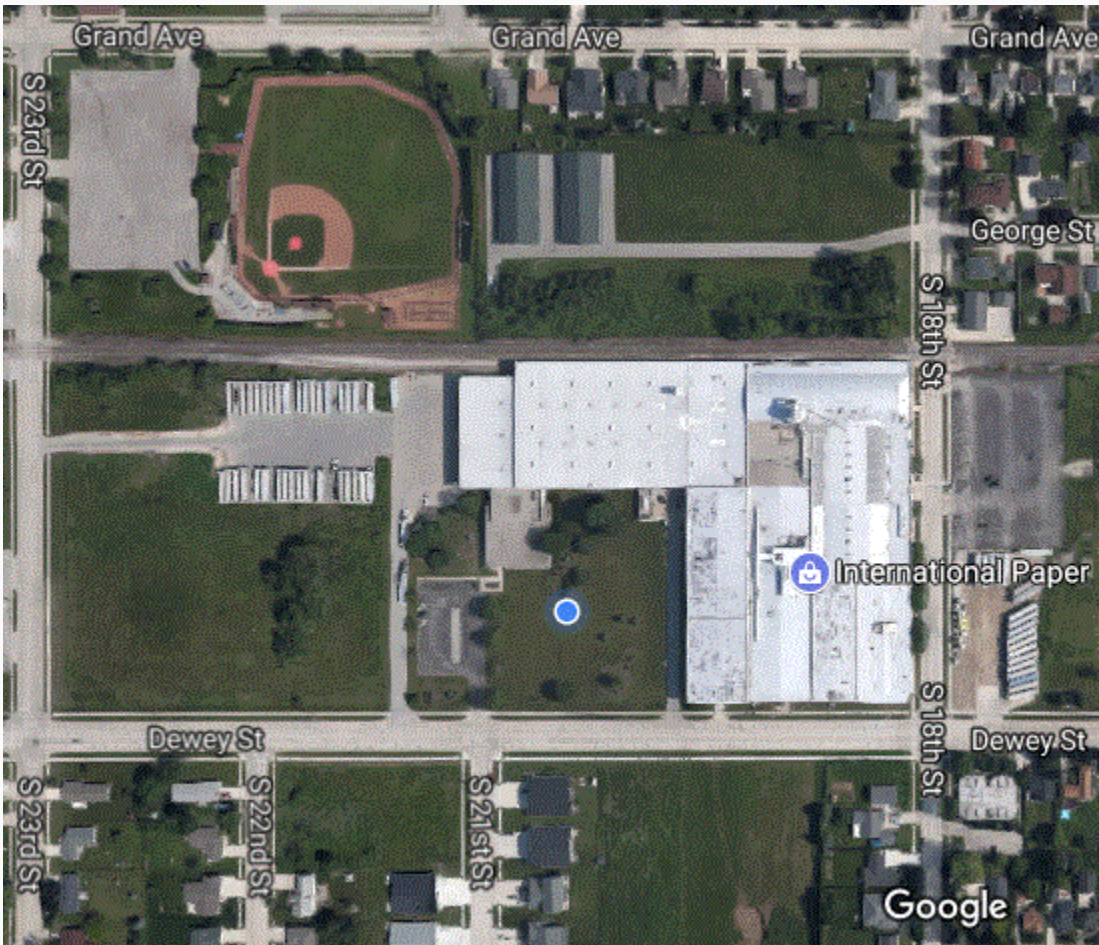

Jake is married with three wonderful children that are very active in soccer, hockey, basketball, and the arts. In his spare time, he enjoys refereeing soccer, curling, and travelling with his family.

About the Presentation:

Jake will share the history of International Paper and a breakdown of their different business segments. The Industrial Packaging segment is their largest segment; Jake will breakdown where they are located and discuss which markets they serve. I will discuss IP's growth strategy and some of the market trends in packaging. International Paper's sales approach is to sell on value – not on price; they try to steer the conversation away from turning packaging into a commodity.
